ERRATUM

Greiner K, Peršoh D, Weig A, Rambold G (2014) *Phialosimplex salinarum*, a new species of *Eurotiomycetes* from a hypersaline habitat. *IMA Fungus* 5 (2): 161–172.

Mycobank MB810542

On p. 170 in this paper, published online on 9 October 2014, the spelling adopted for the name of the new combination “*Phialosimplex halophila*” should be corrected to “*Phialosimplex halophilus*”. This is an orthographic error which is correctable under the Code (Art. 60. 12) and so does not necessitate a new MycoBank number.
